

## Do you have excess inventory in your company that is fully depreciated and sitting in valuable space?

You are invited to try, The B2B Store, a new service that will list your item for free on EBay®!

WorkOasis is pleased to announce the availability of new a resource for the facility management marketplace [www.theb2bstore.com](http://www.theb2bstore.com) . Facility managers, contractors and property managers have long had a need to dispose of excess furniture, equipment and surplus inventory. Surplus inventory can be costly in terms of taking up valuable space and dollars that could be better utilized to meet current needs in the company. The disposition of items can be time consuming and have a low yield for the seller.

Our new service, The B2B Store, is an online E-commerce and consignment marketplace that will list and sell your items. We target the appropriate markets specific to the items with our in house data-base as well as internet sites such as Google™, EBay® and Froogle™.

Upon listing, The B2B Store takes virtual possession of the goods for a specified period of time. Product specifications and digital photos need to be supplied by you; then we research and determine the best price and list the item for FREE on the B2B Store and other internet sites. When the item sells, the buyer pays shipping costs, and we arrange the logistics and process the transaction. Upon completion of the sale we send the seller a check less our fee of 20% of the sales price. The B2B Store 20% commission is only payable when an item sells, requiring no investment on your part. This service provides you an effortless way to get rid of that inventory that is taking up valuable space and receive the maximum return.

To get started just click on the link and download a listing agreement <http://www.workoasis.com/TheB2BStoreInventoryResaleAgreement.doc> or call us at 770.615.3518 x 204

### What is the B2B Store?

The B2B Store is an EBAY based business serving facility managers and contractors that provides a web-based marketplace for the purchase and sale of excess facility furnishings, fixtures and equipment. (FFE)

### What is WorkOasis™?

WorkOasis™ is a web-based contractor management solution that is based on a national network of certified suppliers and real estate owners who harness the power of group collaboration to create an integrated work order, service history, invoice, customer satisfaction and payment process. The idea of thousands of companies utilizing the same technology platform, business process, operating metrics and financial standards is a revolutionary business concept and new paradigm for the facility management industry that has far reaching implications for improving the competitiveness of your business.
